Supplement figure

The recurrence-free survival in stage II and III patients. (a) The recurrence-free survival in patients with stage II colon cancer is shown. (b) The recurrence-free survival in patients with III colon cancer is shown. (c) The recurrence-free survival in patients with stage II rectal cancer is shown. (d) The recurrence-free survival in patients with stage III rectal cancer is shown.

(a) The recurrence-free survival in patients with stage II colon cancer

Number at risk

	0	5	10	15
AYA	127	88	7	0
middle-aged	2998	1966	179	0

(b) The recurrence-free survival in patients with III colon cancer

Number at risk

	0	5	10	15	20
AYA	140	77	6	0	0
middle-aged	1947	1024	124	5	0

(c) The recurrence-free survival in patients with stage II rectal cancer

Number at risk

	0	5	10	15
AYA	108	72	6	0
middle-aged	1063	648	51	0

(d) The recurrence-free survival in patients with stage III rectal cancer

Number at risk

	0	5	10	15	20
AYA	77	27	3	0	0
middle-aged	676	311	31	2	0
