Supplemental Figure 1:

Analysis of KLRD1 Expression in HNSC and its Correlation with Genomic Stability.

(A) Validation of KLRD1 expression in HNSC compared to normal tissues using the GEO dataset (E_MTAB_8588). (B) Correlation between KLRD1 expression and aneuploidy score in HNSC. (C) Correlation between KLRD1 expression and homologous recombination defects in HNSC. (D) Correlation between KLRD1 expression and ploidy score in HNSC.
